

Short Game Skills Evaluation

You know your total game handicap but do you know your short game handicap? Find out what your handicap is in each of the following categories:

- **Chipping**
- **Pitching**
- **Wedge Shots**
- **Sand Shots**
- **Lag Putting**
- **Short Putting**

Our short game skills assessment takes you through a variety of shots to show you exactly, without a doubt, your exact handicap for all areas of your short game.

The assessment will take one hour and includes an at-home short game program from PGA Golf Guru Scott Seifferlein to quickly eliminate those pesky high scores around the green.
